

# MasterCatCoin (MCC)

Version 1.0

Solana Blockchain

## Purpose

MasterCatCoin (MCC) exists **to celebrate legendary cats.**

Cats that ruled households.

Cats that achieved peak zoomies.

Cats that left paw prints on history.

For every legendary cat — past, present, or future — one or more MCC may be held.

## Token Details

- **Name:** MasterCatCoin
- **Symbol:** MCC
- **Chain:** Solana (SPL)
- **Total Supply:** 1,000,000 MCC (fixed forever)
- **Decimals:** 0 (integer-only token)
- **Mint Authority:** Disabled

**Note:** MCC tokens are indivisible. Legendary cats are whole units.

## Trust Signals

- **LP Locked Forever:** All LP tokens were burned. With **zero LP tokens in existence**, liquidity cannot be withdrawn.
- **Supply Locked:** Mint authority permanently disabled.

- **On-chain metadata and logo** published.
- **Fully auditable** via public Solana explorers.

## Trading

- **Pair:** MCC/ SOL
- **Venue:** Raydium
- Anyone with SOL can swap for MCC (manual token import may be required).

## Token Mint

`\mintaddr`
